LEEDS: 2010 HALF MARATHON

ABOUT YORKSHIRE CANCER RESEARCH

Yorkshire Cancer Research has been funding the fight against cancer for the last 85 years and every year we gain greater knowledge and understanding of the disease. This has led to improved patient benefits and moved us a step closer to achieving our goal, which is a world without cancer.

Yorkshire Cancer Research has been funding the fight against cancer for the last 85 years and every year we gain greater knowledge and understanding of the disease. This has led to improved patient benefits and moved us a step closer to achieving our goal, which is a world without cancer.

Over the next five years we have committed a further £11 million in funding across the region.

This is only possible because of the continued generous support of the people of Yorkshire who have worked tirelessly over the years by donating their time, effort and ingenuity in order to enable us to continue.

We are an independent regional medical charity and fund internationally recognised research at universities in Bradford, Leeds, Hull, Sheffield and York. Our funding enables scientists from across the world to bring their expertise to our region and make Yorkshire their home.

For ideas on how you can support us and to find out more about Yorkshire Cancer Research and the work that we fund please visit www.ycr.org.uk and sign up to our monthly e-newsletter so we can keep you up to date on all our activities.

Run the 2010 GDF SUEZ Leeds Half Marathon on behalf of Yorkshire Cancer Research and with your support we will be able to continue to work towards a world without cancer.

The Clangers are supporting Yorkshire Cancer Research throughout 2010. Get your pin badge or plush toy at www.ycr.org.uk/clangers
